FOUNDATION ANNUAL REPORT | 2023

PATH Trails Create Better Places to Live!

Reflecting on this past year and all that PATH accomplished, we are proud to share our **2023 Annual Report**. This past year, we have increased our total trail mileage to 320 miles. PATH's focus on building trails is key to our success, but it is only with the support of our donors and partners that we can achieve these successes.

With PATH's mission to make Atlanta the most trail connected city in the country, we added 1.8 miles to the Atlanta Trail System this year. This additional mileage brings the Atlanta Trail System to a total of 56 miles connecting over 60 neighborhoods and preserving 315 acres of greenspace. PATH has been building this trail system for over three decades, and everyday shows us that community is at the heart of the vision of trails in Atlanta.

The expertise and experience of our team allows PATH to assist cities throughout the state in their building of trail systems. This year we achieved additional trail mileage in the cities of Newnan (1.0 mile), LaGrange (1.0 mile), and Columbus (1.5 miles). We encourage you to plan a visit to these regional trails. Information can be found on our website at pathfoundation.org.

PATH's continued success would not be possible without the dependable and enthusiastic support of our donors and partners. This report outlines how donations — no matter the amount — can truly impact our communities and create better places to live. Your investment in PATH is deeply appreciated and we want to thank all our supporters who have joined us on our journey to build trails one mile at a time.

Most Sincerely,

Charles Shufeldt
Board Chair

Greta deMayo
Executive Director
